SCRIPTURE GIRL MISSION

- **PROCLAIM** God's truth with conviction and passion and with a "demonstration of the Spirit's power."
- **REKINDLE** a spark of HOPE in every listening heart with the WORD that sustains the weary.
- **INSPIRE** women to taste the goodness of the word of God and the wonders of the coming age themselves, so they will realize there is wonderful JOY ahead.
- **CHALLENGE** women to rise up at once to take possession of their full inheritance in Christ, so that their lives will reach maximum impact and fulfillment.

Kathleen is a passionate Christian speaker and writer for women's events, retreats and conferences. After going through hard trials in her own life, she sought refuge in God's word and became committed to establishing a deeper intimacy and connection with God. Through spiritual disciplines such as scripture memory, fasting, and meditation, she experienced a number of powerful breakthroughs, including divine healing, triumph over destructive habits and thought patterns, and answered prayer through faith.

She is determined to share all she has learned with anyone who will listen, and actively seeks opportunities to encourage women in their faith and to stop settling for less than the life, abundant and free, that Christ died to make available to every believer.

Thanks to a background in graphic design and advertising, Kathleen develops and uses unique and engaging visuals and mockups designed to help women better understand spiritual truths that can be difficult to grasp; Because she has spent many years memorizing God's word, a spiritual discipline that she believes carries enormous power for transformation, she quotes the word from memory while teaching. It is her goal not just to speak OF the power of God's word, but to demonstrate it's power first hand.

Kathleen challenges women to rise up and claim their full inheritance in Christ, so they can be filled to the measure with all the fullness of God.
